Shoma

Storytelling and dance bring a timeless Arabian fairy tale to life — stars dance, birds speak, and everyone lives happily ever after.

When a swirling sandstorm brings together a brave young shepherdess and a kind-hearted prince, the magic begins. *Shoma* is a Bedouin folk tale brought to life through traditional Gulf Arabian dance, music, song and storytelling. Audiences will be delighted as the shepherdess and prince seek refuge in a very special oasis where palm trees dance, stars come down from the sky and jewel necklaces cavort. *Shoma* is an engaging encounter with the arts and culture of the Middle East — complete with colorful costumes and a happy ending!
